acts:10

Only 9% of Australians attend a community of faith / the church on a typical week.

While church attendance declined by 1% in the in the last 5 years, the Australian population grew by 6%.

**The gap is growing...
But so is the opportunity.**

Jesus' agenda hasn't changed when He said, "I will build my church".

All He needs is people with courage to step over their "surely not"s.

“surely not?”

The simple the ordinary the same that's been true for centuries.

Church planting is still the most effective way to reach the world.

More people come to faith in Christ on a normal church gathering than any other form.

New church plants have higher levels of newcomers than established churches¹.

Yet **only 1.8%** of churches planted a new church in the last 5 years.

Between 190-400 new churches were planted in the last five years². At least three times have closed.

“surely not?”

1. NCLS. 16% for new churches are newcomers compared to 10% in other churches

2. NCLS.

“surely not me

Why not?

- ▶ *Pray*
- ▶ *Give financially*
- ▶ *Volunteer*
- ▶ *Be trained to plant a church*

Everyone gets to contribute.

“surely you can
